## IFBA Celebrates Biomedical Laboratory Professionals in the Fight Against COVID-19

Biomedical laboratory professionals are playing a major role in the fight against COVID-19. Working behind the scenes, they provide reliable and timely services to guide diagnosis, treatment, response efforts and ongoing monitoring of the disease outbreak.

The IFBA is pleased to put a spotlight on the profession and celebrate what they do and how they make a difference in the lives of others.

To learn more about the profession, visit the [International Federation of Biomedical Laboratory Science](#), an independent non-governmental association, representing more than 185,000 medical laboratory scientists and technologists worldwide.

To meet several Canadian medical laboratory professionals and hear their stories, visit [medlabprofessionals.ca](http://medlabprofessionals.ca)
