The IFBA’s online exams are remotely proctored and securely delivered using Examity®. If you have found that the exam is being blocked (unable to see the exam), this may be due to the network you are using, such as at work. The network you are using is a secured employer network that only allows whitelisted websites to be used. A personal connection would work better. If you prefer to do your exam at work on the employers’ network, please use this link to test your system: [https://scorpion.caveon.com/launchpad/ooley-box-09-sytem-check/system-check](https://scorpion.caveon.com/launchpad/ooley-box-09-sytem-check/system-check)  If the exam doesn’t launch, then you cannot take your exam at work or you will need to ask your employment network administration to whitelist the exam.
Receiving your Exam Results
Examination results will be emailed directly to you within 7 business days and will include a summary of the score obtained in each exam content domain. Successful candidates will receive a certificate package, which includes their certificate, lapel pin, wallet card and congratulatory letter from the Chair of the Certification Body. Candidates who fail an examination may reapply and will be required to submit the application fees.

Please Note:
